WHO ARE WE?

The Cosmetic, Toiletry and Fragrance Association of Singapore (CTFAS) was founded in October 1991. Together with its sister organizations in ASEAN, CTFAS founded the ASEAN Cosmetics Association (ACA) and contributed to the ASEAN Cosmetic Directive (ACD) with the Regulatory Authorities and the ASEAN Secretariat.

OUR MISSION

CTFAS is committed to helping disseminate up-to-date regulatory, scientific, and market information to the industry while promoting the adoption of high standards of good manufacturing practices and quality assurance for products, raw materials, packaging, and other supplies. Furthermore, we hope to encourage widespread contact and friendship amongst all members.
